REQUIREMENT

[한글 JD 바로가기](#) →

Roles and Responsibilities

Digital Project Manager in Asiance :

- Collaborate with UX teams (i.e., designers and developers) for seamless project delivery
- Develop detailed project plans encompassing timelines, milestones, and resources
- Lead effective project meetings and ensure clear communication with team members and customers
- Maintain up-to-date knowledge of industry trends, best practices, and emerging technologies
- Infuse creativity and innovation into projects with a collaborative mindset

Qualification

Qualification:

- 2-3 years of relevant work experience
- Strong organizational and communication skills
- Ability to work collaboratively in a team environment
- Enthusiastic about UX design with a growth mindset
- Basic understanding of project management principles, tools(e.g., MS Office, Figma, Google, Notion), and software.
- Proficient in English and Korean

Preferred Skills:

- Experience with e-Commerce, Kakao, Salesforce, and/or SaaS platforms
- Experience in user research, data analysis, and/or successful completion of full cycle UX projects
